# GROWING WITH PURPOSE

At Greenchef, we believe better living begins with products that fit effortlessly into everyday life. We bring together thoughtful innovation, practical design, dependable quality, and accessible pricing to create kitchen and home solutions that are easy to use, convenient, and built around the needs of Indian consumers.

FY 2025-26 marked an important phase in our growth journey. We continued to strengthen our presence across our core kitchen-appliance categories while expanding into newer and higher-growth product segments. We also enhanced our portfolio with premium offerings, enabling us to address a wider range of consumer preferences and participate across multiple price points.

Our growth strategy is supported by investments in manufacturing infrastructure and backward integration, which are designed to strengthen operational efficiencies, improve quality control and create greater scalability. As our production capabilities expand, we see an opportunity to drive operating leverage, improve asset utilisation and build a stronger foundation for sustainable margin improvement over the long term.

At the same time, we are expanding our geographical presence and deepening our reach across emerging markets. Our growing presence in modern trade and quick-commerce platforms, alongside our established distribution network and digital channels, enables us to reach new consumers, improve product accessibility and participate in rapidly evolving consumption patterns.

Going forward, our focus remains clear: **build a stronger product portfolio, expand our addressable market, enhance manufacturing efficiencies and strengthen consumer connection.** We believe that the combination of product innovation, manufacturing capabilities, distribution expansion and disciplined execution will enable Greenchef to scale sustainably and create enduring value for our consumers, business partners and shareholders.

## Greenchef Appliances Limited at a Glance

### 15+ Years of Operations | 2 Manufacturing Facilities | Pan-India Market Presence | Established Consumer Brand

Established in 2010, Greenchef Appliances Limited is a kitchen and home appliance manufacturer and marketer offering a broad portfolio of products under the Greenchef brand. With manufacturing capabilities in Karnataka and Parwanoo, Himachal Pradesh, the Company is building a scalable manufacturing and distribution platform to address the evolving needs of Indian consumers.

The Company continues to focus on product innovation, manufacturing capabilities, geographical expansion, and wider channel reach, positioning Greenchef for sustainable growth in India's kitchen and home-appliance market.

# ABOUT GREENCHEF

## From One Stove to a Complete Home & Kitchen Solutions Brand

Every enduring brand begins with a simple idea. For Greenchef, that idea was to make everyday cooking easier, better and more accessible to Indian households.

Headquartered in Tumakuru, Karnataka, Greenchef Appliances Ltd. began its journey with a single stainless-steel gas stove. What started as one product has grown into a diversified portfolio of 400+ products, spanning Gas stoves, Pressure Cookers, Mixer grinders, Induction and Infrared Cooktop, Rice Cookers, Non-Stick Cookware, Air Fryers, Triply cookers and a wide range of small kitchen tools and electrical appliances.

Over the years, Greenchef has evolved alongside the changing needs of Indian consumers. Our journey has been defined by a commitment to combining practical innovation, dependable quality, thoughtful design and value for money—creating products that fit naturally into everyday life.

Growing Scale. Expanding Reach.

Today, Greenchef's operations are supported by manufacturing capabilities at the new state-of-the-art manufacturing unit in Karnataka and our established plant in Himachal Pradesh, backed by a strong and expanding distribution network. This combination of manufacturing strength and market reach enables us to serve consumers across India and bring our products closer to the households that rely on them every day.

Our growth has also been recognised through several industry accolades, reflecting the trust we have built with consumers and our continued momentum as a brand. These include "Fastest Growing Brand" (2019–20) by United Research Services, "Asia's Most Trusted Brand" (2021) by International Brand Consulting Corporation, USA, and "India's Best Brand" (2022) by Berkshire Media LLC, USA.

### Our Journey Is Still Unfolding

At the heart of Greenchef is our vision of creating "Total Home – Kitchen Solutions"—bringing together the familiarity of traditional Indian cooking with the possibilities of modern technology.

As Indian homes, lifestyles and expectations continue to evolve, so will Greenchef. We remain focused on expanding our portfolio, strengthening our capabilities and creating products that deliver greater convenience, functionality and value.

From a single gas stove to 400+ products, our journey is a story of ambition, adaptability and the trust of millions of consumers. And we believe the most exciting chapters are still ahead.

## OUR VISION

Our vision is to be the leading provider of high-quality, innovative, and reliable kitchen and home appliances, empowering people to create a better and comfortable living

# Building a Stronger Growth Platform

## Expanding Reach, Creating New Demand

Our growth strategy is also centred on taking Greenchef closer to consumers.

We are expanding our geographical presence by entering new markets and strengthening our position in existing territories. At the same time, we are diversifying our channel mix through modern trade, e-commerce and quick-commerce platforms.

Our expanding presence across platforms such as modern trade and leading quick-commerce channels provides access to new consumer cohorts, improves product availability and enables us to participate in evolving purchasing behaviour. We believe that a wider geographical and channel footprint will support volume growth while reducing our dependence on any single market or channel.

## Investing in Manufacturing and Backward Integration

A key pillar of our strategy is strengthening our manufacturing capabilities.

Our investments in the new manufacturing facility provide us with significantly greater capacity and a platform for future growth. More importantly, the facility is being developed with a focus on **automation, backward integration and manufacturing efficiencies**.

We are progressively strengthening our in-house capabilities across critical components and processes. This gives us greater control over quality, production timelines and costs, while reducing dependence on external suppliers for key components.

As volumes scale, we expect these investments to translate into better capacity utilisation and operating leverage. The objective is to ensure that our manufacturing investments do not merely add capacity, but also contribute **to improved productivity, cost efficiency, EBITDA margins and returns on invested capital over the medium to long term.**

## Innovation with a Purpose

For us, innovation is not about complexity. It is about solving everyday consumer needs better.

We are therefore continuously evaluating our portfolio to identify opportunities for premiumisation, product upgrades and entry into adjacent categories. Our approach combines consumer insights with our understanding of manufacturing and market requirements.

This enables us to develop practical products, competitively priced and relevant to the evolving Indian consumer

## Focus on Profitability and Operating Leverage

As we move into the next phase of growth, our focus is increasingly shifting from scale alone to **profitable and sustainable scale.**

The investments undertaken in manufacturing infrastructure, product development and market expansion are intended to create a larger revenue base on which fixed costs can be absorbed more efficiently. Higher capacity utilisation, increased in-house manufacturing, procurement efficiencies, and product mix improvements are expected to support operating leverage.

We remain focused on disciplined cost management, working capital efficiency, and improving the contribution from our expanding product and channel portfolio. Our objective is to create a business model where revenue growth increasingly translates into stronger EBITDA and, consequently, improved returns on the capital invested in the business.

## People and Organisational Capability

Our people remain central to our growth journey. As the business becomes larger and more complex, we are investing in strengthening our talent, processes, systems and governance framework.

We remain committed to providing a safe, inclusive and merit-based workplace, with equal opportunities for our employees and a strong emphasis on capability development, training and professional growth.

As a listed company, we recognise that sustainable growth must be accompanied by strong governance, transparency and accountability. We remain committed to maintaining high standards of corporate governance and responsible business practices.

## Looking Ahead

We believe Greenchef is entering an exciting phase of its journey.

We have a broader product portfolio, expanding manufacturing capabilities, increasing geographical reach and access to a wider range of consumer channels. These provide us with multiple levers for growth.

Our priorities for the coming years will remain focused on:

- **Expanding our product portfolio**, particularly in premium and higher-growth categories;
- **Increasing geographical penetration** and entering new markets;
- **Strengthening modern trade, e-commerce and quick-commerce channels;**
- **Improving manufacturing efficiencies and backward integration;**
- **Driving higher capacity utilisation and operating leverage;**
- **Improving product mix and profitability;** and
- **Building a stronger, more trusted Greenchef brand.**

We remain mindful that our journey will not be without challenges. Raw material volatility, competitive intensity, changing consumer preferences and evolving market dynamics will require agility and disciplined execution. However, we believe our investments in people, products, manufacturing and distribution have created a stronger foundation from which to address these challenges.

## Creating Long-Term Value

Our ambition extends beyond becoming a larger company. We aspire to build a **stronger, more efficient and enduring business.**

As we scale, our focus will remain on balancing growth with profitability, investments with returns, and innovation with affordability. We believe that this disciplined approach will enable us to create sustainable value for our customers, employees, business partners and, most importantly, our shareholders.

I would like to express my sincere appreciation to our employees for their commitment, our business partners for their continued support, and our customers for their trust in Greenchef. I also thank our shareholders for their continued confidence in the Company. We remain committed to earning that confidence through consistent execution, responsible growth and long-term value creation

**With best wishes for the journey ahead.**

# MANUFACTURING CAPABILITIES

## WITH EFFICIENT BACKWARD INTEGRATION

### Two Manufacturing units

One in Tumkur, Karnataka  
and One in Parwanoo,  
Himachal Pradesh.

### ISO 9001:2015

Accredited for  
Quality Management

## A PLATFORM FOR FUTURE GROWTH

Our investment in the new manufacturing facility marks an important step in strengthening Greenchef's manufacturing capabilities. The facility has been developed to provide significantly greater production capacity, while creating a scalable manufacturing platform to support the Company's future growth.

Located at V.N. Pura, Karnataka, the facility brings together manufacturing operations, assembly infrastructure, material handling and warehousing within an integrated manufacturing ecosystem. The plant has been designed with a strong focus on automation, backward integration and manufacturing efficiency, enabling better control across critical stages of production.

## STRENGTHENING IN-HOUSE CAPABILITIES

We are progressively strengthening our in-house manufacturing capabilities across key product categories and processes. Greater backward integration enables us to exercise better control over product quality, production timelines, cost efficiencies and supply-chain responsiveness.

The facility is supported by organised production areas, modern machinery, structured assembly lines and dedicated material-flow systems, helping improve operational efficiency while supporting consistent product quality.

## BUILDING FOR SCALE

As Greenchef continues to expand its product portfolio and market presence, the new facility provides the manufacturing foundation required to scale efficiently. Our continued investments in automation, process improvement, backward integration and quality systems are aimed at enhancing productivity and creating a more agile and efficient manufacturing organisation.

## EMPOWERING PEOPLE. BUILDING A STRONGER ORGANISATION.

At Greenchef, our people are integral to the way we grow, innovate and create value. As the Company continues to strengthen its manufacturing capabilities, expand its product portfolio and extend its presence across markets, we recognise that sustainable growth must be supported by an engaged, capable and future-ready workforce.

Our human resource practices are focused on creating a supportive and inclusive work environment that enables employees to learn, contribute and grow. We continue to strengthen our approach across recruitment, learning and development, employee engagement, performance, career progression and succession planning, while fostering a culture built on collaboration and mutual respect

## BUILDING A CULTURE OF OPPORTUNITY

Greenchef is committed to providing an environment where individuals are encouraged to take ownership, develop their capabilities and contribute meaningfully to the organisation.

Our approach to people development goes beyond fulfilling immediate organisational requirements. We seek to build capabilities that can support Greenchef's long-term ambitions as we expand our operations and strengthen our position in the kitchen and home appliances industry.

The Company follows the principle of equal opportunity and non-discrimination, providing opportunities without discrimination on the basis of gender, race, colour, social origin, caste or religion.

## WOMEN PARTICIPATION

### Creating Opportunities. Enabling Growth.

Women form an important part of Greenchef's workforce and contribute across various functions and areas of operations.

We remain committed to fostering an inclusive workplace where women are encouraged to develop their capabilities, undertake new responsibilities and pursue opportunities for professional growth.

**DIVERSE PERSPECTIVES. SHARED PURPOSE. ONE GREENCHEF.**

# Learning & Development

## BUILDING CAPABILITIES FOR TOMORROW

At Greenchef, we believe continuous learning is fundamental to building an agile, productive and future-ready organisation.

As our business evolves, employees need to continuously strengthen their knowledge, technical capabilities and professional skills. Learning and development therefore remains an important component of our human resource approach. Greenchef's published HR framework identifies learning as one of its strategic HR focus areas.

## TRAINING PROGRAMS

Our training and development initiatives are designed to strengthen employee capabilities and support improved performance across functions. The emphasis is on developing skills that are relevant to employees' roles while reinforcing a culture of quality, safety, productivity and continuous improvement.

Training also provides employees with opportunities to enhance their understanding of processes, develop new competencies and prepare themselves for greater responsibilities within the organisation.

## DEVELOPING SKILLS ACROSS THE ORGANISATION

As Greenchef strengthens its manufacturing and operational capabilities, employee development continues to play an important role in maintaining consistent standards across the organisation.

Our learning approach is aimed at supporting:

### **Technical & Functional Development**

Enhancing job-specific knowledge and competencies required for effective execution.

### **Quality Awareness**

Strengthening awareness of quality standards and encouraging employees to maintain consistency across processes.

### **Safety & Workplace Practices**

Promoting responsible workplace practices and greater awareness of operational safety.

### **Leadership & Responsibility**

Encouraging employees to take greater ownership and preparing capable individuals for expanded responsibilities.

### **Continuous Improvement**

Building a mindset of learning, efficiency and ongoing improvement across functions.

### **GST 2.0 – Rate Rationalisation**

The GST Council's "GST 2.0" reform, effective 22 September 2025, simplified the tax structure into three slabs of 5%, 18% and 40% (for luxury and sin goods), replacing the earlier multi-slab system. Consumer durables and kitchen/home appliances that were previously taxed at 28% now largely attract 18% GST, translating into meaningful retail price reduction and providing a direct tailwind to demand for the Company's product categories during the second half of the financial year and the ensuing festive season.

### **Outlook**

The medium-term economic outlook remains favourable, supported by factors such as increasing urbanisation, increasing formalisation of the economy, expanding digital infrastructure, improving connectivity, a large and increasingly aspirational consumer base and continued investments in infrastructure and manufacturing. The

### **Indian Consumer Durables and Kitchen Appliances Industry Overview**

The Indian consumer durables industry continued its growth trajectory in FY26, supported by rising disposable incomes, urbanisation, increasing household penetration, changing lifestyles and growing consumer preference for convenient, reliable and value-for-money products. India remains an important global market for consumer durables, supported by its large consumer base, growing middle class and increasing disposable income.

The broader consumer durables and appliances industry is expected to maintain its growth trajectory over the medium term. Industry estimates indicate that the Indian consumer durables sector could grow at approximately 11% CAGR, with the market expected to reach US\$11.4 billion by 2025.

Key drivers of growth include household penetration, premiumisation, technological advancement, rural market expansion and the rapid adoption of organised and digital retail channels.

### **Changing Consumer Behaviour**

Consumer behaviour is undergoing a significant transformation. Appliances are increasingly being viewed not merely as functional products but as products contributing to convenience, lifestyle enhancement and improved kitchen aesthetics. This has led to a greater willingness to upgrade from basic products to technologically advanced, aesthetically designed and feature-rich appliances.

The trend towards premiumisation is creating opportunities across categories, including premium ovens, electric appliances and other kitchen solutions. At the same time, value-for-money products continue to remain strong, particularly in the lower and mid-segments.

### **Growth of Kitchen Appliances**

The kitchen appliances market is benefiting from increasing urbanisation, nuclear households, rising female workforce participation, higher disposable incomes and the growing preference for modern, space-saving and energy-efficient products. Consumers are increasingly seeking products that offer convenience, time-saving, improved energy efficiency and provide greater ease of use.

The kitchen appliances market is expected to continue expanding over the coming years. Recent industry estimates place the market at approximately US\$11.4 billion in 2025, with a projected CAGR of approximately 11% through 2030.

et projected to reach approximately US\$17.2 billion by 2031, representing a

The market presents opportunities across both large and small kitchen appliances, with categories such as cookers, induction appliances, cooking equipment, etc. The market is oriented towards smart and IoT-enabled kitchen products benefiting from increasing consumer adoption.

### **Rural Consumption and Market Expansion**

The expansion of consumer durables beyond metropolitan and Tier II cities presents a significant opportunity. Increasing rural incomes, improved road and digital connectivity, wider distribution networks and growing e-commerce penetration are driving growth.

The reach of organised retail and digital commerce is also reducing geographical barriers and enabling consumers across India to access a broader range of branded products. This trend is expected to support further penetration of kitchen and household appliances.

### **E-commerce and Digital Retail**

The growth of e-commerce and omnichannel retail is transforming the distribution landscape for consumer appliances. Consumers are increasingly using online platforms for discovery, comparison and purchase, while established brands are adopting a combination of traditional distribution, modern retail and digital channels.

The growing importance of digital commerce is also increasing competitive intensity, requiring companies to focus on product differentiation, pricing competitiveness, availability, and customer service.

### **Manufacturing Localisation and Government Support**

The consumer durables industry is increasingly benefiting from the Government's push for domestic manufacturing, localisation and strengthening of domestic supply chains. The Production Linked Incentive (PLI) Scheme for White Goods has been an important policy initiative aimed at encouraging investments, increasing domestic value addition and integrating Indian manufacturers into global supply chains.

As of January 2026, the PLI scheme for White Goods covered 85 companies, with expected investments of approximately ₹11,198 crore and projected cumulative production of over 1.5 million units.

The broader policy environment is therefore creating opportunities for Indian manufacturers to deepen localisation, develop component ecosystems and improve cost competitiveness. This is particularly beneficial for companies with established manufacturing capabilities and an export-oriented business model.

### **Technology, Product Innovation and Premiumisation**

Technology is becoming an increasingly important differentiator within the consumer appliances industry. Smart features, energy efficiency, improved safety, better product aesthetics and enhanced user experience are influencing purchasing decisions.

The integration of smart home ecosystems is also expected to create new opportunities for connected appliances and digitally enabled products. Industry estimates indicate that India's smart home market is projected to reach approximately US\$17.2 billion by 2031, representing a CAGR of 15%.

## **INDUSTRY OVERVIEW**

The India kitchen appliances market is valued at approximately USD 6.06 Billion in 2024 and is estimated by IMARC Group to reach USD 12.40 Billion by 2033, exhibiting a CAGR of around 10.5% from 2024 to 2033. South India currently holds the largest regional market share, at approximately 35%. Growth continues to be driven by rapid urbanisation, rising disposable incomes, lifestyle changes, increasing demand for smart and energy-efficient appliances, and government initiatives such as rural electrification and PMUY, and growing e-commerce penetration.

The GST 2.0 rate rationalisation effective September 2025, which moved most consumer durables and kitchen appliances from the 28% slab to 18%, is expected to provide a meaningful additional tailwind to category demand over FY 2026.

### **Market Segmentation**

**By Product Type:** The market is segmented into cooking appliances, refrigeration appliances, cleaning appliances, small kitchen appliances and other appliances, with cooking appliances such as microwaves, ovens and induction cooktops holding a dominant share due to their widespread use in households.

**By Distribution Channel:** The market is segmented into online and offline retail. Online retail is growing rapidly due to e-commerce penetration, convenience, competitive pricing and a wider product range.

### **Key Growth Drivers**

- Rising disposable income and household consumption expenditure, supporting greater demand for kitchen appliances.
- Continuing urbanisation and the shift toward nuclear households, driving demand for compact and efficient appliances.
- Increasing awareness of smart and energy-efficient appliances.

### **Key Market Challenges**

- High import dependence on raw materials and electronic components, exposing the market to global supply chain fluctuations.
- Regulatory compliance requirements, including BIS certification, which impose costs on manufacturers.

### **Market Outlook**

The India kitchen appliances market is expected to continue its strong growth trajectory, supported by urbanisation, rising incomes, growing penetration of smart and energy-efficient appliances, and government initiatives promoting rural electrification and e-commerce.

**INDEPENDENT AUDITORS REPORT**

To:  
The Members  
**GREENCHEF APPLIANCES LIMITED**  
Bengaluru.

**Report on the Financial Statements****Opinion**

We have audited the accompanying financial statements of **Greenchef Appliances Limited** ("the Company"), which comprise the balance sheet as at 31st March 2026, the statement of profit and loss and statement of cash flows for the period then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting standards prescribed under section 133 of the Act read with the Companies(Accounting Standards) Rules, 2021 ,and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2026, Its **Loss** and its cash flows for the period ended on that date.

**Basis for Opinion**

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India[ICAI] together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements of the company.

**Key audit matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

**Information Other than the Financial Statements and Auditor's Report Thereon**

The Company's board of directors is responsible for the preparation and presentation of its Report [herein after called as Board's report] which comprises of various information required under Section 134(3) of the Companies Act 2013 but does not include Financial Statement and our Report thereon.

Our opinion on Financial Statement does not cover the Board's Report and we do not express any form of assurance conclusion thereon

In connection with our audit of the financial statements, our responsibility is to read the Board's report and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

Based on the work we have performed, we conclude that, we have nothing to report in this regard.

**Responsibilities of Management and Those Charged with Governance for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of

the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to

events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### ***Report on Other Legal and Regulatory Requirements***

1. As required by Section 143(3) of the Act, based on our audit we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
  - (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account.
  - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Accounting standard) Rules, 2021.
  - (e) On the basis of the written representations received from the directors as on 31st March, 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2026 from being appointed as a director in terms of Section 164 (2) of the Act.
  - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in **"Annexure I"**. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.
  - (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended; in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the period is in accordance with the provisions of section 197 of the Act.
  - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
    - i. The company has disclosed the impact of pending litigations on its financial positions in its financial statements. Refer note no 44 to the financial statement
    - ii. Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- iv. (a) The Management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(is), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries
- (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v) No dividend has been declared or paid during the period by the Company
- vi) Based on our examination, which included test checks, the Company has used accounting software's for maintaining its books of account for the financial year ended 31<sup>st</sup> March, 2026 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software's. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with. Additionally, the audit trail has been preserved by the company as per the statutory requirements for record retention

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the **Annexure- II**, a statement on the matters specified in paragraphs 3 and 4 of the Order.

### **To the Independent Auditors’ Report on the Financial Statements of GREENCHEF APPLIANCES LIMITED**

**Referred to in paragraph 1(f) under ‘Report on other legal and regulatory requirements section of our report to the Members of GREENCHEF APPLIANCES LIMITED of the even date**

### **Report on the Internal Financial Controls of Financial Statement under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over Financial reporting of M/s GREENCHEF APPLIANCES LIMITED. ("the Company") as at 31<sup>st</sup> March, 2026, in conjunction with our audit of the Financial Statements of the Company for the period ended on that date.

#### **Management’s Responsibility for Internal Financial Controls**

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI").

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors’ Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

### **Meaning of Internal Financial Controls with reference to Financial Statements.**

A Company's internal financial control with reference financial statement is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference financial statement includes those policies and procedures that:

- (a) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company
- (b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the company; and
- (c) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Control with reference to financial statement**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, to the best of our information and according to the explanation given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31st March 2026, based on the criteria for internal financial controls with reference to financial statements established by the company considering the essential component of internal controls as stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India

- (b) We have considered the reports of the Internal Auditors for the period under audit;
- (xv) According to the information and explanations given to us, we are of the opinion that the company has not entered into any non-cash transactions with directors or persons connected with him and accordingly, the provisions of clause 3(xv) of the Order is not applicable.
- (xvi) (a) According to the information and explanations given to us, we are of the opinion that the

- company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934
- (b) The company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India,  
Accordingly, the provisions of clause 3(xvi) of the Order are not applicable;
- (xvii) According to the information and explanations given to us and based on the audit procedures conducted we are of opinion that the company has incurred any cash losses of Rs 759 Lakhs in the financial period and Rs NIL for the immediately preceding financial period;
- (xviii) There has been no resignation of the statutory auditors during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that company is incapable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.
- (xx) a) There are no unspent amounts towards Corporate Social Responsibility ("CSR") on other than ongoing project requiring a transfer to a Fund specified in Schedule VII to the Companies Act, 2013 in compliance with second proviso to sub-section (5) of Section 135 of the said Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year.
- b) In respect on ongoing projects the company has no unspent Corporate Social Responsibility ("CSR") amount as at the year of previous financial year. Accordingly, reporting under clause 3(xx)(b) of the Order is not applicable for the year.

### m. Earnings per share

The basic earnings per share is computed by dividing the net profit or loss after tax for the period attributable to equity share holders for the year by the weighted average number of equity shares outstanding during the year. There are no potentially dilutive shares.

### n. Taxes on income

#### *Current Tax:*

Income taxes are calculated using the tax effect accounting method where taxes are accrued in the same period the related revenues and expenses arise. A provision is made for income tax annually based on the tax liability computed after considering tax allowances and exemptions.

#### *Deferred Tax:*

The difference that result between the profit offered for income tax and the profit as per the financial statements are identified and thereafter a deferred tax asset or liability is recorded for timing difference namely the differences that originate in one accounting period and get reversed in another based on the tax effect of the aggregate amount being considered. The tax effect is calculated on the accumulated timing differences at the end of an accounting period based on prevailing enacted or substantially enacted regulations. Deferred tax assets/liability are recognised only if there is reasonable certainty and virtual certainty supported by convincing evidence in case of unabsorbed depreciation/carry-forward losses that they will be realized and are reviewed for the appropriateness of their respective carrying values at each balance sheet date.

### o. Impairment of Assets

The carrying amounts of assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any indication exists, the assets recoverable amount is estimated. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value based on the average pre-tax borrowing rate of the country where the assets are located, adjusted for risks specific to the asset. After impairment, depreciation is provided on the assets revised carrying amount over its remaining useful life.

### **p. Provisions and contingent liability**

A provision is recognised when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.

Provisions for onerous contracts, i.e., contracts where the expected unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognised when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event, based on a reliable estimate of such obligation.

### **q. Cash Flow Statement**
